PROFESSIONAL EXPERIENCE

BUSINESS OPERATIONS ASSOCIATE - AUTOMOTIVE SALES

November 2018 - June 2024

Mahakali Automobiles, Nepal - Part-Time

- Assisted approximately **15-20 customers per weekday and 10-15 per weekend day**, identifying needs, explaining product features and warranties, and recommending suitable tires, automotive parts, tools, and accessories.
- Managed the full sales process, including product demonstrations, pricing discussions, objection handling, free tire-fitting coordination, after-sales support, and complaint resolution.
- Personally generated **NPR 115,625 in single-day sales** during the 2022 festival season while independently operating the store and handling customer consultations, recommendations, and transactions.
- Designed and launched a loyalty and referral program that enrolled **50+ customers within six months**; used Excel to track purchases, referrals, qualification progress, and rewards, including complimentary tires and promotional merchandise.
- Managed inventory for **200+ vehicle parts and accessories**, maintaining sales, invoice, purchase-order, customer, and inventory records while coordinating purchasing and replenishment.
- Traveled independently to Kathmandu for **B2B supplier development** and established commercial relationships with TOTAL Tools and Exide Batteries for continued product sourcing.
- Participated in **vendor relationship meetings** with other tire and automotive suppliers to discuss new products, sales performance, product demand, and ongoing business opportunities.

SUPPLY CHAIN AND LOGISTICS ANALYST

February 2023 - July 2024

Laxmi Group, Nepal - Full-Time

- Analyzed demand, inventory, and order data to support purchasing, replenishment, and business decisions.
- Monitored inventory levels, supplier lead times, order status, and delivery commitments to support product availability.
- Coordinated with suppliers and internal stakeholders to resolve order, delivery, service, and operational issues.
- Prepared operational findings to support forecasting, inventory planning, cost control, and supply-chain decisions.

FOUNDER & E-COMMERCE ENTREPRENEUR

December 2019 - March 2023

Steal the Deal, Nepal - Remote

- Managed end-to-end e-commerce operations including product sourcing, marketplace listings, pricing, customer communication, order fulfillment, and performance tracking.
- Developed product listings based on product information and customer needs to improve product visibility and support sales.

- Analyzed revenue, costs, inventory levels, and product performance to support pricing and profitability decisions.

PROJECTS

CUSTOMER BEHAVIOR & BUSINESS PERFORMANCE ANALYSIS

Python, Pandas, SQL, PostgreSQL, Power BI

Summer 2026

- Analyzed a 3,900-row customer shopping dataset using Python, Pandas, SQL, and PostgreSQL to evaluate revenue, purchasing behavior, product ratings, and customer segments.
- Built SQL queries to answer 10 business questions related to revenue, customer behavior, product ratings, and segmentation.
- Built an interactive Power BI dashboard to communicate KPIs, purchasing patterns, customer behavior, and revenue trends.
